Please keep this License Schedule for future reference.

Note for new licenses:

Your subscription will start on the date order processing has been completed by Sophos and expire at the end of the purchased term, regardless of when Software is activated and/or Hardware is received by you. The date order processing has been completed should be reflected in the Start Date shown in the Schedule of Product and Services section below. However, please check the licensing screen in your Sophos product to obtain definitive confirmation. If a license key has been provided, you will need to activate your key first to confirm.

ACTION NEEDED: Activate the following products now

Sophos Firewall

Product	License Number	License Key
XGS 126 Xstream Protection - 12 MOS (SKU: XS126Z12ZZNCAA Old SKU:)	LN1000021365	LKMPSOE-EXX-V4TBRHZTI

What you need to do

Follow the steps below to activate your license.

You need to register every new Firewall. If we've sent you license keys, you also need to apply those.

The setup process will ask for your serial number and/or license key. You can only use each of them once. The steps are:

- Go to <https://central.sophos.com/> and sign in (if you don't already have an account, then **start a Sophos trial**).
- In **Sophos Central Admin**, click **your account name** (it's in the upper right of the page).
- Click **Firewall Licenses** at the top of the page, then click **Claim Firewall**.
- Follow the registration steps. When you finish, the firewall will appear in the list.
- If you're installing a hardware appliance, skip this step. If you're installing a virtual appliance from **Firewall Details** > (serial number) > **Download Installers**, go to the Sophos Firewall help and search for "Virtual and software appliances" to get instructions.
- If you want to manage the firewall from Sophos Central, do as follows:
 - In Sophos Central navigate to **Firewall Management > Firewalls**
 - Click **Add** in the firewall details management column and follow the instructions to connect your firewall to Sophos Central.
- If you have any license keys to activate, see the instructions below.

New subscriptions

In the Firewall, go to **System > Administration > Licensing** and click **Activate Subscription**. Then enter the license key.

Other ways to activate your license

You can activate your license in other ways, for example without access to the appliance. See <https://community.sophos.com/kb/122671>.

Upgrade or renew a license

If you have ordered an update or renewal of an existing license our systems will have automatically updated your license. The firewall will pick up the updated license at its next daily license sync, which can take up to 24 hours. If you want it to get the license right away, open its web admin console, go to **System > Administration > Licensing** and click **Synchronize**.

Schedule of Products and Services

Here is a list of all the products and services you've purchased. Keep this safe as you may need to refer to it when you contact support or renew a license.

Product	License Number	License ID / Serial Number	Quantity	Start Date	Expiry Date	Term (Months)
XGS 126 Xstream Protection (SKU: XS126Z12ZZNCAA Old SKU:)	LN1000021365		1	11/10/2023	11/09/2024	12

* The Start and Expiry dates displayed in the table above may not be correct if the product was provisioned by Sophos on a date later than the order was received. Please check the licensing screen in your Sophos product to see the actual start and expiry dates. If a key has been provided you will need to activate the key first as per the instructions in this license schedule.

Please note, if you have purchased Hardware along with a Software subscription and certain conditions are met, the Software subscription term will have been extended by three (3) months without additional charge. This is reflected in the table above. The extension is a gesture of goodwill to take Hardware delivery times into consideration. Any renewal will fall back to the length of a standard term and will be quoted accordingly.

Terms

General Terms

- Except as otherwise noted in these General Terms, your installation, access and/or use of the software products and/or services listed in this License Schedule are subject to the terms and conditions of the Sophos End User Terms of Use at: <https://www.sophos.com/legal/sophos-end-user-terms-of-use>, unless Sophos agrees otherwise in writing. All products that are licensed on a perpetual basis are subject to the End User License Agreement at: <https://www.sophos.com/legal>.
- Your use of the hardware products are subject to the terms and conditions of the Hardware Terms of Use at: <https://www.sophos.com/legal>
- If you are a Managed Service Provider (MSP), your use of the products and/or services listed in this License Schedule is instead subject to the terms and conditions of the Managed Service Provider Agreement at: <https://www.sophos.com/legal> unless Sophos agrees otherwise in writing.
- Any professional services listed in this License Schedule are subject to the Sophos Professional Services Terms and Conditions at: <https://www.sophos.com/legal> unless Sophos agrees otherwise in writing.
- The meters, units and/or applicable usage limits for products and services are specified in the Licensing Guidelines at: <https://www.sophos.com/legal/license-entitlement-and-usage-policy>.

Export Terms

- These items are subject to the Export Administration Regulations (EAR). Any diversion contrary to these regulations is prohibited.
- These items (commodities, technology, services or software) are controlled by the U.S. government and authorized for export / re-export only to the country of ultimate destination for use by the ultimate consignee or end-user(s) herein identified. They may not be resold, transferred, or otherwise disposed of, to any other country or to any person other than the authorized ultimate consignee or end-user(s), either in their original form or after being incorporated into other items, without first obtaining approval from the U.S. government or as otherwise authorized by U.S. law and regulations.
- If these goods are to be delivered to a country within the European Union: please be advised in accordance with article 11(9) of EU Regulation 2021/821, that these goods are subject to controls. If they are to be exported out of the European Union, the exporter must acquire the relevant export licenses.
- If these goods are to be delivered to a country within the United Kingdom: please be advised in accordance with the Export Control Order of 2008, that these goods are subject to controls. If they are to be exported out of the European Union, the exporter must acquire the relevant export licenses.
- The export control laws and regulations of other countries may apply in addition to those of the United States of America, United Kingdom, the European Union, and/or relevant European Union member states.
- Sophos may suspend certain or all security updates, upgrades, downloads and functionality to or of the products and/or services listed in this document if Sophos believes that the products and/or services are, or may be, located in, provided in, or accessed from certain embargoed and restricted jurisdictions, which may be updated by Sophos from time to time without notice.
- A breach of the export provisions of the relevant agreement governing your access and use of Sophos products and services, as applicable, is considered a cause for termination of that agreement.

- For more information regarding the export of Sophos products and services, please see: <https://www.sophos.com/legal/export> or contact your Sophos representative.
